- Size : 2440 mm X 1220mm
- Thickness : As per request
- Care and Maintenance : Wipe clean with ordinary soap water or household ammoniated liquid detergent.
- Attention : Before buying the laminates please go through the specification of the product mentioned by the company. The actual color of the sheets may be different with the sample exhibited in catalogue. Buyers are requested that before accepting the delivery of the sheets, please ensure about the color / pattern & shade no. marked on the sheets. Company will not take any responsibility regarding the differences in shade / color / pattern, after cutting / pasting of the sheets before or after putting over the surface.
- Caution : Cracking develop after pasting the laminate over the wooden surface is due to the poor quality of wood & glue. Hence company will not be responsible for the cracks development after the pasting over same. Company recommends to use ISI standard wood & glue quality for fixing the laminate.

MADE IN INDIA

NO CLAIM WILL BE ENTERTAINED FOR AIR BUBBLES

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
